MEMORANDUM FOR: Assistant Deputy Director for Support

SUBJECT : Emergency Power for Agency Headquarters Facilities

REFERENCE : Memo dtd 26 April 66 to D/L fr ADD/S, same subject

1. This memorandum is for your information only and is a periodic progress report as requested by the reference.

2. A meeting is scheduled for 7 September 1966, between VEPCO, General Electric, and CIA Engineers to formalize the control scheme for the operation of the 2-2000 KW emergency generators in parallel with the commercial power source.

3. The Engineering Staff, Office of Communications, is still reviewing the feasibility study for modification of the uninterrupted power supply at the Headquarters Building. They have indicated that the review will be completed, with comments, in the last week of August.

George E. Meloon  
Director of Logistics
